

EARN THE NATION'S #1 REAL ESTATE DESIGNATION

“I have a step up on most of my competition with my GRI.

I even tell my clients that I earned it, which gives me the chance to explain the program, and how only top agents get their GRI. It's 100% real-world experiences in the classroom, where else can you get that? ”

Michael Bell, GRI - Prudential California Realty, Pasadena, CA

“My first impression was the quality of instructors, NAR president teaching Agency & Ethics, C.A.R. attorney explaining the purchase agreement paragraph by paragraph, CPA teaching tax and exchange, the knowledge and expertise of all of the instructors gave me the right information at the right time in my career, I could not get that kind of training anywhere else.”

Victoria Chen, GRI, e-PRO - Century 21 Masters Realty, San Marino, CA

“...I want my clients to know I am dedicated to giving them the best possible advice... I want to know the most effective ways to limit my business liability ...I am always interested in improving myself and my value to others.

Business is tough right now and **only those truly committed to top level service and knowledge are going to survive.** That's why I got my GRI.”

Boker Yaruss, GRI - Coldwell Banker Previews, Irvine, CA
